Asst. Chief of Staff, Base/  
Chief, II

Operational/Liaison  
BIV Personalities and Reporting

REF: KIMA-570 - 6 Progress Report

1. We should like to commend you for the timely and interesting reports you have been submitting on the BIV. We have found them most helpful in keeping us up to date on developments, trends, and changes within the BIV. They have permitted us to expand our knowledge on the personnel, organization, and functions of the BIV. We can only urge you to continue forwarding these reports and ask that you keep us informed on all of the more important offices, providing us with as much background information as possible, so that we can follow through with the plan to set up contacts on all leading BIV personalities.
2. Also, in regard to the various reports which the BIV has been channelling to us, we have found them to be informative and useful. A particular and continued interest has been expressed by the responsible staff in reports on the BIS, including those dealing with the BIS trials.
3. For your information and files, we are herewith submitting an separate attachment consisting of traces on the possible candidates for the BIV Presidency reported in reference. There were no identifiable traces on Gause. Because of the voluminous cards on Rudolf SCHMIDT's and various spellings thereof, we need Dr. SCHMIDT's birthdate and any other identifying data you may have in order to run a logical, worthwhile trace. If you could furnish us this information, we should be glad to check our files further.

2 June 1955

With Attachments as stated above.
